Willochra White Suffolk & Suffolk Studs

It gives us great pleasure to present to you our 2020 line-up of White Suffolk and Suffolk rams to be offered at 1.30pm on Friday, 18 September 2020 at the Melrose Showgrounds Sheep Pavilion.

Considering the tough seasonal conditions in 2019, we are extremely happy with how well these rams have presented. They have good growth, adequate muscle, correct structure and great carcase appeal to meet a range of market requirements. All qualities that reflect our Stud's breeding objectives.

Rams offered for auction were weighed on 1 September 2020, with a weight range of 110kg to 137kg. They were vaccinated with Glanvac 6-in-1, drenched with Ivomec, and treated with Avenge after shearing in July. Our studs continue to be Brucellosis accredited and we are now in our 16th year of vaccinating for Ovine Johnes. We are confident that these rams will perform to your expectations.

On sale day, rams will be available for inspection from 11am and a light lunch will be available prior to the sale.

Please find attached ASBV figures for both White Suffolk and Suffolk rams being offered.

If you would like further information about our rams or the attached Lambplan figures, please contact us on the numbers below.
