I have attached his photo and a link to his impressive EBV graph below. We're really excited about this young sire. A Techno son offering the whole package; terrific phenotype, homozygous poll, strong maternal pedigree and excellent EBV spread.

It's worth noting the following results our bulls have achieved.

Animals included either have a Mawarra prefix or are sired by a bull with a Mawarra prefix.

**Top 10** highest ranked 2018 born horned bulls for **IMF**

**Top 6** highest ranked 2018 born horned bulls for **EMA**

**10** of the top 14 highest ranked 2018 born horned bulls for **Rib**

All bulls are sired by either Mawarra Emperor L336, Mawarra Daybreak K451 or YPHF181 – herd sire at Mawarra and a son of Mawarra Unique C041. All three sires are represented in our current catalogue and the national team.

We really appreciate your ongoing support and we're looking forward to the upcoming sale. Morgan Davies has been instrumental assisting us with organization and arranging for Mark Inglis, JBS Australia, to attend the sale. His MSA grading demonstration is already proving popular with our clients as they hear about it so hopefully we will have a good size crowd to join us for dinner as well as the sales.

If there is any further information you'd like to see please let us know. The supplementary sheet will be available the week before the sale and I'll circulate that as soon as it's ready.

Lets hope the rain continues to fall...everywhere!

*Kind regards,*

*Deanne*
