

## MUCHEA VEAL REPORT 16th November 2020

Today Muchea agents yarded a total of 136 vealers with Nutrien selling 71 of them. Demand was equal today with some eastern states orders being absent.

Local steers were in weaker demand and sold to a strong grazier presence. Local bull calves were also in strong demand and sold to both exporters and local graziers.

Local heifers were in medium supply and demand remained firm. The majority of heifers went to local graziers and a few small numbers to local butchers.
