Market Comment:

Nutrien yarded 922 Weaners at their weekly WALSA sale today at Boyanup. Included in the yarding were 500 head from the wheatbelt area that had been weaned since early to mid December 2020 and backgrounded for feedlot induction with a starter ration of grain and hay mix. These cattle were keenly sought after by local feedlotter, bidders on AuctionsPlus and local restockers. Buyers appreciated the quality of these large lines of well bred British bred and European cross cattle and bid accordingly.

The remainder of the yarding comprised of local well bred steers and heifers that received strong support by buyers that attended.

Next Boyanup Weaner sale to be held Wednesday, 20th January 2021.
