## **Hunter Alpaca Stud**

*Established 1994*

*We are semi-retiring and now, after 27years farming, breeding & showing alpacas, it is time to move forward.*

*Oberon property to be sold and downsizing our business at East Maitland from farming into Building Sites (hence the semi-retirement).*

*We are proud to offer our award winning stud stock for sale. Our superior lines and sought after genetics are being released. Buyers have the advantage and the opportunity to gain access to these outstanding genetics and lead the Industry in the future, with our many years of selective breeding.*

*We are selling all our Oberon stock plus stock from East Maitland.*

*This also means that our Agisters are selling stock from Oberon & East Maitland properties.*

*All 4 stud owners are retired or downsizing our herds to match property size and future retirement. Top stock available to enhance other breeders programs.*

- ***Kia Ora View—Est. 2000***
- ***Poet's Corner— Est. 1994***
- ***Helmshore Manor—Est. 2002** Focus on breeding predictability with sound conformation combined with fine, well-structured fleeces. Stock originates from some of the finest Hunter & Jolimont bloodlines plus other genetics to improve our breeding.*

*Using Hunter's genetics & diversifying with other bloodlines, Helmshore Manor, Kia Ora View & Poet's Corner have become established studs at the front of the alpaca industry, with quality animals and award winning fleeces.*

*We have proven that our hard core breeding program has worked.*

*In selection, all oldies (senior alpacas) and non-breeding stock will be retired and not on-sold, many finding a home with our children. Only breeding stock and weanlings with many years of breeding potential are presented in this catalogue. This includes our Superior Stud Males & our Future Potential Stud Males, Retained as Future Herd Sires.*

*Many lots are unreserved and all others have very low, very reasonable reserves.*

*Please see note on Page 2 regarding opening bids.*

*Be assured these alpacas are presented to sell at this auction.*

Our Males are among Australia's best and we are very proud to offer you our best.

Proof of selected superior genetics has been rewarded in the Progeny.

Our Supreme Champion Sires - **Excel & Classic Caesar**

Not as well known, but not to be ignored—**Traditional Caesar, Augustus & Dynamite**

The progeny of these superior Males have excelled giving us genetic proof of their bloodlines.

Future sires, only males with huge stud potential, are offered for sale.

We are proud to offer—**Viscount, Rory, Distinction, CoCa Cola.**

Only three weanling males were retained as potential future sires from the 19/20 drop:

- **Maximilian** (full brother to Supreme Champion Hunter Surprise)
- **Extra Kashmir** (1/2 brother to Green Gully's Supreme Champion Exquisite)
- **Ryegate** ( by our Pharaoh & Rapunzel Lines).

This is your chance to secure proven elite stock, genetics proven in, and out of, the show ring in both animals and fleeces, foundation females and females of exceptional quality and bloodlines, weanlings & crias for the next generation, as well as unsurpassed proven males and future herdsires.

We have a great passion for the alpacas and we are extremely proud of our breeding.

We want our selective bloodlines to continue into the future.

We look forward to hearing and hopefully seeing the successful results of your selections and future breeding from our pedigree line up.

Lot 8 Hunter Classic Caesar

Solid White Certified Male

IAR: 167593

DOB:

29/12/11

**Advanced Impact  
in Fibre Production.**

Classic Caesar is renowned for his fleece quality with characteristics of ultra uniformity & fineness. Alignment of fibres, allowing for extremely thin pencil bundles of high frequency crimp to be packed on his frame and carried well into his extremities.

These highly sort after and productive fibre characteristics are passed onto his progeny..

Proven producer of ultra fine fleeces which are stylish and uniform, full of lustre, crimp and soft handle exhibited within long slender bundles.

## Elite Genetics

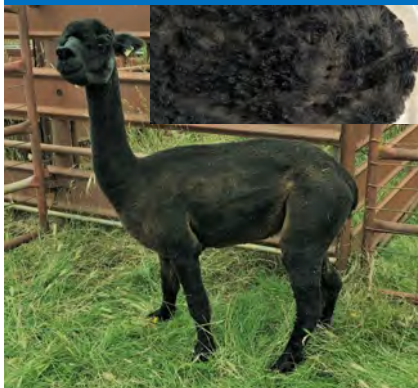

Certified Male  
 Fleece: Nov 20 – M 26.3, SD 4.69, CV 17.83%, CF 83.33, CRV 43.5

Although not as well known, Traditional Caesar is the full brother to Classic Caesar. Retained for his pedigree, we have not used him enough and therefore only have had limited progeny. TC himself carries fibre packed onto his excellent frame which is consistent throughout with high frequency crimp and small pencil bundles. His progeny have correct conformation and carry sort after desired fibre traits displaying soft handle, low micron fleeces with uniformity and character, bright and dense which open cleanly.
