**MFD: Fibre Diameter**

**(the average micron result of a sample).**

**SD: Measures in microns the spread of the fibres  
either side of the mean fibre diameter.**

**CV: Measures the spread of the fibre diameter  
variation relative to the mean fibre diameter  
as a percentage.**

**CV=SD/Mean Fibre Diameter X 100**

**CF: Measures the % of the fibres  
below 30 micron.**

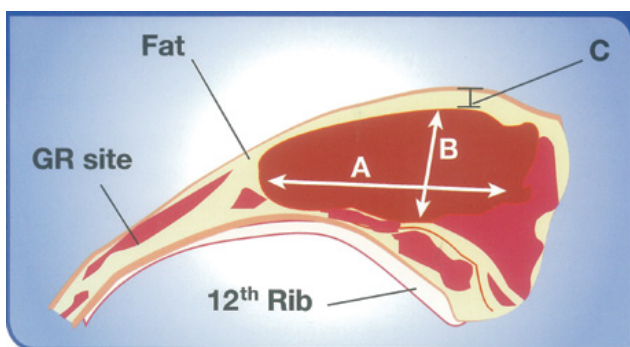

**SF: Spinning fineness. FC: Measures  
how rapidly the fibre curves or bends.**

Meadow View Poll Merino Stud will offer 50, May 2020 drop Poll rams at this year's sale. 2021 will be our 11th year as part of the Eastern Riverina Merino Breeders Sale at Culcairn. Our focus remains on breeding sheep which are large framed, fast maturing with heavy fleeces that have good crimp definition, long staple length and are well nourished at around 19 micron. We are also selecting for high fertility, good carcase traits, such as high muscle and fat. This means lamb survival at birth is higher, and with more lambs on the ground, excess stock can be finished and sold off earlier. By using semen from some of the best performing sires around the country, we believe this is evident in the rams we will offer for sale at Culcairn. This year's line-up of rams include AI sons of Willandra 447 who was sold in 2019 for \$51,000. We also invested in 2 Glenlea Park sires in 2019. One in Hamilton for \$11,000, and in Adelaide for \$10,000. The first sons of both these rams are featured in the line-up this year.

All lambs are Gudair vaccinated annually at marking, and have been since 2003. Brucellosis Accredited Free, Vet checked in August 2021.

Rams shorn 1st March 2021

Sires:

Will 447- Willandra 447

GP57- Glenlea Park 180057 (Hamilton \$11,000)

GP65- Glenlea Park 180065 (Adelaide \$10,000)

 **Nutrien**  
Wool

## NUTRIEN DALGETY WOOL NOW OPEN

**1 – 4 Header World Avenue, Corowa**

**Opening Hours**

**Monday 8am to 12pm and Friday 12pm to 4pm**

**Or by Appointment**

**David Johnson – 0429 339 373**

Nutrien is pleased to offer the following service as part of their existing brokerage service. Nutrien Dalgety wool is open for business and will be operating as part of the existing wool business. Nutrien Dalgety wool will be offering a Door trade service on Monday mornings and Friday afternoon from the Depot at Corowa. During the week Wool can be delivered to Nutrien Albury, Holbrook or Culcairn for collection.

This service will complement the existing wool business as it will give wool growers another avenue to sell there incomplete lines or smaller consignments of wool. Please give David a call if you would like more information about this service.

# OUTFOX LICE FOR LONGER\* IN SHEEP WITH NEW FENNEC®.

The new combination pour-on that provides  
knockdown control of lice and 5-weeks  
protection from re-infestation off shears.

[fennecpoureon.com.au](http://fennecpoureon.com.au)

\*Compared to other knockdown control products when applied 24 hours off shears.

# **VALLEY VISTA POLL MERINO STUD**

Reg Fock No: 1114

Pitson Family Thugga, Culcairn NSW 2660

Phone 0427365232

“Valley Vista Poll Merino stud” was registered in 1990 following the purchase of 50 stud ewes and semen from Roseville Park Poll Merino Stud dispersal sale.

Valley Vista is located mid-way between Culcairn and Holbrook, will be offering 35 May-June 2020 drop rams at its 31st year of selling at the Eastern Riverina Poll Merino Sale. The large framed, early maturing, productive 18-20 micron rams are selected to improve wool and meat traits for our clients. The adult sheep produce 7-8 kgs of soft, bright, stylish wool in a 27 inch rainfall area. Included in this year's line-up are progeny of a Wallaloo Park Eureka son purchased in 2017, Roseville Park 140966 AI son 2016 and Yarrawonga 961 son purchased in 2018. Also Wallaloo Park 18-0063 purchased in 2019. All sires are chosen for their dual purpose attributes.

All lambs on the property are vaccinated with Gudair. Sale Rams were scratch with Scabi-Guard and treated with Viper. All Vet checked 8.7.2021. Brucellosis accreditation No. Y292.

Thanks for the continued support of our valued clients.

Sires: W.P. 18-0063 – Yellow tags

W.P. 16251- Eureka Son – White tags

V.V. sons – blue tags

R.P. 140966 son – Orange tags

Yarrawonga 961 son – green tags

# HURLSTONE PARK POLLS

POLL FLOCK# PN-1543

216 Mygunyah Lane

MULWALA NSW 2647

Ph: 0427 311 578

Email: [hurlstone@lambtastic.com.au](mailto:hurlstone@lambtastic.com.au)

Ovine Brucellosis accreditation #: Y 539

"Hurlstone Park Poll Merino Stud" was founded and formed by Brothers Ruston & Ryan Donovan in 2015 by using a Woodpark & Coddington Uardry Poll Merino Ewe base. We maintain our focus on breeding a "True Dual Purpose Poll Merino Flock" with an average micron of 18.5 in a 24 inch annual rainfall area. Our flock offers excellent growth rates, carcass confirmation, and fertility without compromising wool quality- Resulting in the Hurlstone Park "Dual Purpose Poll Merino".

The 2021 Culcairn team consists of all genuine rising 1 ½ yr olds.

The Sires of these rams on offer are:

HU16-0602 a son of CU13-5034 Robert Bruce

SYN: are also sons of CU13-5034 Robert Bruce

and HU18-0773: is a Woodpark & Coddington Uardry "Extreme staple length background" he is a sire we are extremely excited about as he ticks all the boxes when it comes to Dual Purpose Sheep and his genetic potency packs a real punch!

This year is our 4th year at the ERPMRS. All rams are guaranteed and pose to continually influence your flock positively with their up to date characteristics.

All rams are Gudair Vaccinated, Scabi-Guard & Vet Checked.

Shorn 20th March 2021

- Post-sale, there will be 50 grade rams available for private selection as of 14th September 2021

### **Sires used in 2020 Drop**

Glenlea Park 170614

Poll Boonoke 180832

OC – Syndicate Old Cobran Sires

Established in 1954 on Boonoke blood from Deniliquin, Old Cobran was one of the first registered Poll Merino Studs. Old Cobran Poll Merino Stud is now based in Mullengandra, NSW between Holbrook and Albury. The Martin family have a clear breeding objective – to breed a productive Poll Merino that doesn't require mulesing and works well in all current and future market opportunities. This is achieved through strict selection of balanced traits, such as wool, carcass, and fertility. We continue to put immense pressure on these commercially driven traits within the stud and in our commercial sheep.

These traits heavily align themselves with current market and changing climatic conditions. Our proactive approach ensures we can remain adaptive to future demands and changes.

Cameron, Glenda and Matthew Martin

# Power up your next drench with Tridectin™

Win the fight against worms with **TRIDECTIN™** – the world's only broad-spectrum combination drench for sheep with a registered claim to kill triple-resistant and monepantel-resistant worms.

**TRIDECTIN™** is the most advanced oral combination drench in Australia. It is the only combination drench to include the potent milbemycin active moxidectin.

- ▶ Micelle technology improves absorption and efficacy.
- ▶ 14 day persistency against moxidectin sensitive strains of barber's pole worm and small brown stomach worm.
- ▶ The shortest ESI of any ML combination drench at 17 days.

Visit your local rural merchandise store to power up your next drench this summer.

To find out more visit [au.virbac.com/tridectin](http://au.virbac.com/tridectin)  
or call 1800 242 100.
