ON-PROPERTY

RAM SALE

50 TOP OF THE DROP STUD & SPECIALLY SELECTED RAMS

20TH AUGUST, 2021

Inspection 10.00am - Sale 1.00pm

Luncheon Provided

Profitable Merinos

Kedleston Park is breeding robust quick maturing large framed fertile sheep with high fat and muscle which produce high yielding carcasses.

The wool grown is a soft deep crimping long stapled lustrous medium wool averaging 8½-9kg of 18.5-20.4 micron with a yield averaging 71% to 76%. These long stapled wools are ideal for shearing every six months if desired. High priority is placed on ewe fertility. Stud ewes are recording a lambing percentage of up to 124%.

At Kedleston Park we used all the tools available to produce top performing rams to keep our clients' flock highly profitable.

Fertility

Artificial Insemination, Embryo Transfer and DNA Testing are all used, producing top performing rams and ewes, with sheep regularly topping both the store and fat markets.

350 1½ year old ewes sold for \$319 per head on Auction Plus. These big framed ewes are ideal to use in a self replacing merino flock to breed quick maturing wether lambs for the fat market or to breed first cross lambs when joined to terminal sires. Young ewe lambs have sufficient weight to be joined at 8-10 months of age. Semen available on request.

Kedleston Park

Merino & Poll Merino Stud
QUALITY ALL PURPOSE MERINOS

All Kedleston Park sheep are 3rd generation approved vaccinates and Brucellosis accredited.

Average Micron 19.2
