Welcome to Dunlop Santas

THE DUNLOP FAMILY runs some 1400 purebred females across several properties in the Brisbane Valley and South Burnett. Of these females, approx. 600 are classified. "Dawson Downs", a backgrounding/fattening property at Baralaba complements the breeding country.

While Rebecca and I are the principals of DUNLOP STUD, a large portion of its success can be attributed to my parents Lance & Helen. Lance quickly identified the superiority of the breed, first purchasing Santa genetics in the late 1950's and holding the course ever since. While not one who sought recognition, Lance was acknowledged by many as a fine judge of a beast who not only had the ability to pick them, but to breed them as well.

Dad himself had no great desire to be involved in the studstock industry, however he always strived to purchase the best that it could produce. When I first established the stud, he did make the comment "you are buggering up those good show bullocks by leaving the stones in them". Since then we have sold several of these "bullocks to be" for well over \$30,000, something that I see as recognition of several decades of his superior selection.

We have built a herd on strong industry genetics with a broad genetic base as we continually purchase good quality bulls

every year. Our females are run on Ticky Forest country across the South Burnett and Brisbane Valley. They are bred to perform under all conditions and need to meet both the stud and commercial duties. In addition to using a variety of sires from different genetics, we also try and implement an annual AI programme, season permitting.

Something I see as unique to our stud operation is that **100% of the breeders are run on ticky forest country**. While this may disadvantage us in comparison to most other seedstock producers, we believe it is an advantage to our clients as most of the bulls will be going back to what we consider "breeder" country and not "scrub/bullock" country

We want our Bulls to give our clients the flexibility to either sell weaners straight off their mothers or be grown out to Jap Ox, whilst maintaining fertility and performance with the females, which is equally as important to us.

Once again we would like to invite you to "Jingeri" on Saturday the 4th of September to inspect our line-up of bulls and more importantly, enjoy a cold beer, steak burger and some good company.

Regards

SCOTT, REBECCA
RILEY, JACK & HARRY DUNLOP

The Bulls

WHAT A YEAR!! Covid is now a normal part of our everyday lives, well, as normal as a pandemic can be. Fortunately for us in the beef industry it has had very minimal impact. In fact, there has been nothing but positive news and upward trends for the beef sector. Cattle prices have continually risen over the past 12 months. Producers are selling weaners for \$1500-\$2,000, we ourselves have sold heavy feeder steers for \$2400 and cull cows for similar money. All forecasts are for these strong price trends to continue. This combined with a positive climatic outlook bodes well for our future as beef producers.

THE BULLS

This year we offer 111 rising 2-year-old bulls from 36 sire lines. While we do single sire mate several mobs of cows, we believe that our multiple sire herd is a great strength. Due to the size and topography of many paddocks, along with the availability of surface water, multiple joining of larger mobs is more practical than single siring. This also creates a form of natural selection with the most active bulls getting the majority of the calves. There are sires used in the multiple herd that were purchased for prices in

excess of \$30,000. These bulls are also the sires of many of the females that may be recorded as having multiple parentage. The bulls in the sale are sire verified through DNA testing.

This crop of bulls were not only conceived in a drought, but also born into the worst drought in over 100 years. The first rains came in February which offered a small reprieve before they were weaned in May/June. The fact that the bulls have endured setbacks and periods of limited feed is something that we hope should set them up for future challenges. The bulls grazed both grass and forage sorghum over the Spring/Summer period. With a combination of preparation and luck we were able to plant our oats crop reasonably early. The bulls gained access to this crop at the start of June, and **by sale day will have had over 90 days continuous grazing on the oats.**

We deem this part of their preparation as extremely important. The bulls must know how to forage. Coming out of the paddock and off a forage based diet also allows a smoother transition to their new homes, as opposed to those that have been confined and fed a grain based diet.

ANIMAL HEALTH

Bulls are vaccinated for:

- 3-day Sickness (July and August 2021)
- 7 in 1 (July and August 2021)
- Pestiguard (July and August 2021)
- 3 Germ Blood (2020)
- Vibriosis (July and August 2021)
- Botulism (June 2021)

SIRES OF SALE BULLS

GLENN OAKS MAGNATE M81 (P) (FIRST RELEASE SIRE)

Magnate was purchased in 2018 for \$60,000. He was the top priced unled Santa bull for the year. A dark poll bull with an impeccable temperament. Tidy through the underline with a clean set of testicles. We were particularly attracted to his balance and structural soundness. He has grown larger than we first anticipated and appears to be injecting this growth into his calves.

Represented by lots 1,5,18,20,41,51,82,83,96

HARDIGREEN PARK URANUS (P) (FIRST RELEASE SIRE)

Another FIRST RELEASE SIRE that was purchased in 2018. He was Rebecca's pick, and what a pick he has turned out to be! Rarely do you find a strong poll sire with this amount of both muscle and finish. He also possesses great length of body and stands on strong bone. He is a true carcass sire. A dominant bull that puts a real stamp on his progeny.

Represented by lots 13,35,36,37,38,58,65,70,93

SIRES OF SALE BULLS

RIVERINA LORD MAYOR (P) (FIRST RELEASE SIRE)

Another FIRST RELEASE SIRE that was purchased in 2018. Purchased out of the Yulgilbar sale for \$31,000. A dark poll sire with a fine tropical skin. It was however is very strong muscle pattern that attracted us. He is wide over the top with a butt profile stronger than most.

Represented by lots 9,25,39,61,64,84,101

YARRAWONGA KIMBO K392 (P)

Purchased for \$38,000. We were attracted to Kimbo's enormous capacity and volume. He had the length, depth and breadth. A smooth soft desirable muscle pattern. A heavyweight bull with great commercial attributes.

Represented by lots 14,15,21,33,60,62,63,78,94,95

BULLAMAKINKA KONG K276 (P)

Purchased for sale top price of \$30,000 in 2015. He was selected for his growth, strong tropical outlook, length of body, clean underline and faultless temperament. We thought him to be one of the best fronted bulls we had seen for some time. He has passed these traits onto his progeny. His most outstanding attribute would have to be his calf getting ability. We joined him to 74 females in his first season, with 71 returning a positive pregnancy scan. In his second season he settled 62 out of 65 cows, all of these being wet cows with calves. He achieved another 95% preg test on his cows this last season. 36 sons have sold at auction over the past 3 years averaging \$12,138. On top of this has been numerous paddock sale bulls.

The second top price of 2020 was achieved by a Kong son, selling to Sutton Beef for \$33,000.

A Kong son D.Trumper(P), was also the second top priced bull in 2019 at \$36,000 selling to Hardigreen Park stud

Represented by lots 11,27,31,48,49,73,77,89,90

DUNLOP SINBAD (P) (FIRST RELEASE SIRE)

The photo does not do him justice. Taken at BEEF 2018 as an 18mth old where he was a ribbon winner. We tipped him to be our top priced sale bull in 2018, however due to a short lived injury just days prior to sale we were unable to offer him. He quickly recovered and it turned out to be a blessing in disguise. A dark poll bull that has grown into a particularly large sire. Not only is he tall in stature he also possesses great length of body. A quiet disposition while still maintaining a real sires presence.

Represented by lots 26,28,50,53

DUNLOP N364 (FIRST RELEASE SIRE)

We retained N364 as we considered him to be the best bull of his year drop. A strong bodied horned bull with an impeccable temperament. A bull that while having a tremendous amount of growth , he also has great finishing ability. Width of frame and spring of rib are also some of his redeeming features, along with perfect feet and legs.

Represented by lots 16,43,44,72

RESTDOWN JR245 (P)

A quiet natured heavily muscled son of Yarrowonga Oberg(P). The capacity and muscle in this bull is something to be admired. A poll bull with a great amount of shape and carcase.

Represented by lots 19 & 30

SIRES OF SALE BULLS

DUNLOP QUINDARIUS L138

Quindarius was retained for his exceptional sire appeal. A dark coated bull with a strong presence, great tropical outlook and clean underline.

Represented by lots 32,66,91

DUNLOP RUMBLE M876

They don't come much better. A dark coated horned bull that takes up a lot of space. It is not just his scale that draws your extension, but his extreme length of body and strength of spine. A topline that is not only dead straight, but exceptionally wide as well. Too big and wide to fit up the crush, we estimate him to be 1300kg+. Lucky he is quiet enough that we can put pour-on on him in the round yard. Due injury he has limited "game time" however now seems to be fully recovered and we look forward to using him heavily in the future.

Represented by lots 54&75

HARDIGREEN PARK TRACER L146 (PS)

A son of Brisbane RNA champion Wave Hill Jager(P) and out of a Dunlop Kaiser cow. Tracer is a dark coated upstanding bull with great balance. Plenty of bone is this sire.

Represented by lots 4,22,68

DIAMOND H ROB ROY R146 (PS)

A long bodied bull with good thickness as well as depth of body. Easy doing, clean sheathed, and large scrotal are other attributes of this commercially relevant bull.

Represented by lots 3,85,86

WARRILLEE K17 (P)

Not wanting to get caught up in the trend toward “tight,trim cattle” we bought this bull. Broad head, depth of rib, volume through the middle and fine tropical skin is what attracted us to him.

Represented by lots 7 & 69

DANGARFIELD ZORO Z151 (P)

Purchased in 2017 for \$35,000. A polled son of the well performed Dunlop Kalahari. While he does not possess the usual scale of the Kalahari's, he does possess an exceptional carcass. Great thickness of body and shape through the hindquarter. Strong head and outlook coupled with dewlap, flank and strong bone.

Represented by lots 23,79,81

SIRES OF SALE BULLS

VALLEYVIEW LUKE 1546 (P)

Top priced bull at the 2017 Wandoan Sale, purchased for \$22,000. A very docile bull with an exceptional amount of carcase. You don't see many bulls with a butt profile as good as Luke. A fine tropical skin and large scrotal are other desirable attributes of Luke.

Represented by lots 6 & 8

GREENUP JUSTICE J020 (PP)

The top priced bull at the 2014 Greenup Eidsvold Station sale. He is a lighter coloured homozygous poll bull. He has a smooth muscle pattern with good coverage. He possesses an impeccable temperament

Represented by lots 34 & 71

WARENDA MONTANA (P) (FIRST RELEASE SIRE)

A large poll bull with exceptional capacity. He was purchased for his shear volume, strong bone and overall commercial attributes. A real bullock bull.

Represented by lots 56,57,88

YARRAWONGA L858

A horned bull with an exceptional temperament. Volume, depth of body, large scrotal and overall capacity are redeeming features of this sire. It was his exceptional raw data on sale day that stood him apart from his contemporaries.

Represented by lots 2,24,45,76,87,98

DIAMOND H REDBULL R272

A dark horned bull with good length of body and strength of spine. It was however his strong breed character and conformation through his front end that was particularly appealing. A characteristic derived from his sire, who's performance we had been watching closely.

Represented by lots 46,47,52,99

AUCTION TERMS & CONDITIONS

QUEENSLAND LIVESTOCK AGENTS ASSN LTD

STANDARD STUD STOCK

AUCTION TERMS AND CONDITIONS OF SALE

IMPORTANT NOTICE

All bids shall be treated as offers made upon the following terms and Conditions of Sale and all persons present are admitted to attend the sale on the basis that they have notice of these terms and Conditions.

1. The highest bidder shall, subject to Condition 2, be the purchaser provided that the vendor reserves the right to bid either by himself or through his agent or auctioneer and should any dispute arise among the bidders for any lot, during or immediately after sale of the lot, it shall be settled at the auctioneers absolute discretion who may, should one of the disputants advance, put the lot or lots up again. The bidding from time to time shall be regulated by the auctioneer and no bid shall be retracted.
2. The sale will be conducted on a "Sale" or "no Sale" basis whereby the lot for sale shall be knocked down to the highest bidder, but the sale will be subject to the acceptance of the highest bid by the vendor who will immediately after the fall of the hammer declare "Sale" or "no Sale". Should the vendor reject the bid of the highest bidder such bidder will have the right of first refusal of the lot at the vendor's nominated price for one hour after the lot has been passed out of the ring on the Terms and Conditions herein set forth in so far as they shall apply.
 - (a) All Sales will be conducted on the basis that the bid price will be exclusive of Goods & Services tax (GST). GST will be added to the bid price after the fall of the hammer for those sales subject to GST.
3. The details of the purchaser, the purchase price and the lot sold as recorded by the sale clerk for and on behalf of the auctioneer shall be equally binding on both purchaser and vendor.
4. The auctioneer expressly reserves the right, without giving any reason therefore, to:
 - (a) Refuse to acknowledge any bid;
 - (b) Withdraw any lot or lots before or during the sale;
 - (c) Exclude any person from the auction venue should it think fit.
5. Each lot in all cases shall be at the risk and expense of the purchaser, upon acceptance of his bid by the vendor or upon acceptance of the highest bidder's offer by the vendor whichever shall be the earlier.
6. Except as expressly provided in these Terms and Conditions of Sale no guarantee or warranty shall be given in respect of any lot sold under these Conditions as to pedigree, sex, age, breeding condition or otherwise howsoever, and no guarantee, warranty or condition whatsoever shall be implied from any affirmation made before or at the time of the sale, or from any circumstances of the sale, but in all cases where a guarantee is intended the same shall attach and be enforceable only if reduced to writing before delivery of the lot and signed by the vendor or by the auctioneer acting as agent for the vendor, and the absence of such writing shall be conclusive evidence in case of dispute that no guarantee warranty or condition whatsoever was given or implied.
7. In the event of any dispute in respect to the sale of any lot:
 - (i) The purchaser shall nevertheless be obliged to pay to the auctioneer the full purchase price and any other moneys or interest payable by the purchaser in accordance with these terms and conditions.
 - (ii) The vendor and the purchaser shall resolve the dispute between themselves;
 - (iii) The auctioneer shall have no liability or responsibility in regard to the dispute; and
 - (iv) no lot shall be returned to the auctioneer and the purchaser shall indemnify the auctioneer for all costs, expenses and damages which the auctioneer is put to or incurs by reason of the purchaser so doing.
8. The name of the vendor for whom the auctioneer acts is acknowledged to have been furnished to purchasers prior to sale and further particulars will in all cases be furnished to a purchaser if required. In the case of any dispute the remedy of the purchaser shall be against the vendor only and in no case or under any circumstances against the auctioneer who is to be regarded for all intents and purposes as agent for a disclosed principal.
9.
 - (a) PAYMENT - Unless prior credit arrangements have been made in writing with the auctioneer the full purchase price for each lot shall be due and payable to the auctioneer in cash upon acceptance of the highest bid or the highest bidder's offer by the vendor and prior to delivery. notwithstanding that delivery is given to or possession obtained by the purchaser or his representative prior to the payment of the purchase money in full the property in any lot which is sold shall not pass to the purchaser until the full purchase price and all cheques, promissory notes, bills of exchange, acceptance orders or drafts given in connection with such payment have been paid and liquidated, and until property shall pass, the purchaser shall hold such lot as bailee, provided that in all cases should such payment not have been made and liquidated within 14 days of the date of the sale the auctioneer reserves the right to:
 - (i) Rescind the contract on behalf of the vendor and repossess and resell any lot;
 - (ii) Recover from the purchaser interest upon the purchase price at a rate per annum which aggregates the 90 day Bill Rate plus two per centum. For the purposes of this condition "the 90 day Bill Rate" is the rate published regularly in the Australian Financial Review, expressed as a percentage per annum. If at any time the Financial Review ceases to publish a 90 day Bill Rate, the auctioneer shall determine and advise the purchaser of the interest rate to apply for the purpose of this condition.
 - (b) The auctioneer is selling as the del credere agent of the vendor and the full purchase price of any lot sold shall be payable by the purchaser to the auctioneer and be fully recoverable by the auctioneer in its own name.
10. If the purchaser shall neglect or fail to comply with any of the within conditions, any lot purchased by him may be immediately resold by public auction or private contract, with or without notice, at the risk of the former purchaser, who will be held responsible for all loss and expenses arising out of such resale, and shall not participate in any profit accruing therefrom.
11. Any vendor or purchaser removing the sale number from any lot after it has been sold will fully indemnify all affected parties for any loss, costs or damage should the lot be wrongly delivered.
12. The purchasers, if more than one, shall be jointly and severally bound by these Terms and Conditions, and shall jointly and severally carry out and perform same.
13. Any person who advances a bid on a lot shall do so on the expressed condition and understanding that should that person's bid be the highest bid and such bid is accepted by the vendor, then that person will be held personally liable for the price so agreed upon, regardless of the fact that that person may be acting on behalf of another party, either disclosed or undisclosed to the vendor or the auctioneer, provided however, that this Condition shall not in any way negate the vendor's right to claim against any principal and in such case the bidder's liability shall be construed to be by way of guarantee.

AUCTION TERMS & CONDITIONS

14. The auctioneer may, should it think fit, make arrangements on a purchaser's behalf for the feeding, watering, trucking, shipping of and general attendance to any lot after sale but no responsibility will be accepted by the auctioneer and all such service will be at the purchaser's risk and expense.
15. No lot will be delivered until the sales invoice has been checked and signed by the purchaser or his duly authorised representative.
16. (a) Each lot in all cases shall be sold with all faults, if any, and excepting those conditions and warranties implied by the Trade Practices Act or any applicable State legislation which cannot be contractually excluded and excepting conditions and warranties expressly contained in these Terms and Conditions of Sale, any express or implied condition, statement or warranty, statutory or otherwise, is hereby excluded. The auctioneer is not liable in respect of any error, misdescription or omission in any particulars appearing or stated regarding the descriptions or pedigrees of any lot offered for sale and no such error, misdescription or omission shall entitle the purchaser to annul the sale or reject the lot or claim any compensation, damage or abatement in price.
- (b) Each lot will be sold subject to passing all veterinary tests required by the law of the State or country to which the purchaser intends to transport that particular lot, such tests to be undertaken at the purchaser's expense and concluded immediately following the sale. In the event of a lot failing to pass these tests, the sale shall be null and void, any purchase moneys paid by the purchaser shall be refunded and property in the lot shall revert to or remain with the vendor.
- 17. GUARANTEES OF FERTILITY:-**
- 17.1 BULLS. Save and except for calves at foot, all bulls are guaranteed breeders and to so prove within six months of the date of sale or by reaching the age of 30 months whichever date shall be the later.
- 17.2 FEMALES. Save and except for female calves at foot, all females are guaranteed to be in calf or go into calf within six months of the date of sale or by the age of 30 months whichever date shall be the later. A positive pregnancy test certified by a qualified veterinary surgeon shall be sufficient evidence that the animal is in calf.
- 17.3 Claims under Clauses 17.1 and 17.2 guarantees of fertility shall be made to the vendor within six months from the date of sale or prior to the animal entering a quarantine area other than on the vendor's property.
- 17.3.1 All claims must be accompanied by a veterinary certificate which shall clearly identify the basis of the claim.
- 17.3.2 Infertility resulting from injury or disease occurring after the sale of the animal shall not be covered by this guarantee.
- 17.3.3 The vendor retains the right to have the animal placed on a property nominated by him or returned to his own property for further assessment of fertility for a period not exceeding six months. In the event of the animal being proven fertile within the period, the costs incurred shall be borne by the purchaser. In the event of the animal not being proven fertile within the period the costs incurred shall be borne by the vendor.
- 17.4 LIABILITY OF A VENDOR. Except for costs defined elsewhere in the conditions of sale, the liability of a vendor in respect of claims relating to fertility shall not exceed the purchase price of the animal(s) or to provide mutually agreed upon replacement animals.
- 17.5 REFUNDS. In the event of a claim being substantiated and the purchase price being refunded, the animal/s shall automatically become the property of the vendor and be returned to him or disposed of according to his instructions at his expense.
- 17.6 This guarantee shall be voided by the purchaser if -
- (a) The animal is returned to the vendor -
- (i) in poor physical condition or with any injury;
- (ii) tests carried out on behalf of the vendor within fourteen days of such return proved positive to any diseases which may affect the animals fertility or ability to breed naturally; or
- (b) the purchaser has collected and stored semen from a bull or embryos from a female.
- 17.7 In the event of a dispute as to whether a lot is a breeder, such dispute shall be resolved by the vendor and the purchaser and the auctioneer, while he will use his best endeavours to assist, shall have no liability or responsibility in that regard. In the event that a lot is alleged or proved not to be a breeder, the purchaser shall nevertheless be obliged to pay the auctioneer the full purchase price and any other monies or interest payable by the purchaser in accordance with these Terms and Conditions.
18. (a) Each lot shall be at the risk of the vendor in respect of any damage or injury, whether by disease, accident or otherwise, for the period that the lot be in the custody of the auctioneer, PROVIDED THAT the auctioneer, its servants, agents and employees shall use all reasonable care to protect and control the lot while it is in the auctioneer's custody AND PROVIDED THAT when a lot has been sold, it shall be at the risk of the purchaser in all respects.
- (b) If any vendor brings to the sale premises any lot which is dangerous, or infected with any disease, that vendor shall be liable for all injury, damages, costs, losses, or expenses which the auctioneer may sustain, incur or be put to either directly or indirectly as a result of the vendor so doing. The auctioneer reserves the right, at its absolute discretion, to exclude from the sale, or put out of the sale venue or dispose of, any lot which in its opinion shows signs of any disease, whether infectious, contagious or not, or of any serious fault or of being dangerous.
19. DELIVERY - Except at the discretion of the auctioneer no lot shall be delivered to the purchaser unless payment of the purchase money together with any additional charges incurred including those expenses incurred by the auctioneer pursuant to Condition 14 hereof, is first made by the purchaser to the auctioneer. Release of lots may be withheld by the auctioneer until personal cheques are cleared.
20. In these Conditions:-
- (a) References to "Auctioneer" shall be taken to mean as the context so admits, the selling agent or any member, subsidiary or related corporation or body, officer, agent or employee thereof, authorised by the vendor to conduct the sale of the lot;
- (b) "Purchaser" shall have the meaning ascribed to it in Condition 1;
- (c) "Vendor" shall mean the person or corporation upon whose account lots are offered for sale and where a stud or farm is named shall mean the proprietor of that stud or farm;
- (d) "Lot" shall be taken to mean the animal offered for sale and/or sold by the auctioneer on behalf of a vendor.

Tips for managing your new Dunlop Bull

CONGRATULATIONS on purchasing a Dunlop Bull, we appreciate your support and know that you have taken another step to “improving” your herd. Bulls are a large investment for any breeding herd and they have a major effect on herd fertility. Bulls also represent your future earning ability so below are a few tips to maximise your Bull’s progeny producing outcome and thus your hip pocket.

In general, our bulls are handled by us on horses and educated using dogs and usually in a large mob, so do not have a lot of “one-on-one” handling. Sale day can be quite stressful for some bulls. They are often split from the mob and trucked within hours of being purchased, often by themselves – which again adds more stress and can result in even the quietest of animals becoming upset.

Try and have some cattle in the yard on arrival, especially if the bull has travelled alone. Holding him alone in a yard will not help his transition.

It’s preferable to mate young bulls together. For example in our operation, we tend to put our new young bulls in a multi-sire scenario with our maiden heifers or in a single sire

paddock. When young bulls are placed in mobs with older bulls they can be dominated and even worse, injured, thus may not seem like they are working.

Two year old bulls are still in their growing phase, they are often cutting teeth and tend to be more physically active chasing and riding cows, so they will lose condition quite quickly in their first joining season. Its important to look after young bulls following their first season to help prolong their reproductive lifespan. Bulls will continue to change teeth, grow and mature for the next 12-24 months after purchase. All this while servicing your all important females. While only a small percentage of your herd on a numbers basis, they are in fact 50% of your breeding herd on a practical basis, therefore it is very important to give them as greater chance as you can nutritionally to allow them to perform to the best of their ability.

You purchase one of our bulls knowing he has had all a full vaccination program, passed his semen and morphology test and is physically sound. We have done all we can to set him up for a long working life.
