### Market Comment:

Agents yarded 1511 head at today's WALSA Weaner sale, being a slight increase on last week's numbers.

The majority of the Nutrien yarding of 834 head consisted mainly of Angus steers, with weights being lighter in this particular sale compared to previous sales. Again, a good attendance of buyers were present, with feedlotters and local restockers keen to purchase and Eastern States activity was also evident.

One line of Angus steer weaners, 221 in total numbers, account of Stoney Pastoral Co and ranging from 191.5kgs to 297kgs in weight averaged \$1,826.00 per head selling to a high of \$8.18c/kg.

Next sale will be held on Wednesday, 08th December 2021.
