Market Comment:

Numbers increased at the WALSA Boyanup Weaner sale to 1627 head, of which Nutrien yarded 968 or 59.5% of the total yarding.

There were again large lines of, in the main, Angus steers and heifers penned by regular and repeat vendors who support these Nutrien sales annually.

Strong buying support was again in play with WA feedlotter active, South West restockers sourcing both steers and heifers and AuctionsPlus purchasing 17% of today's Nutrien yarding.
