RED ROCK DORPERS, RED ROCK WHITE DORPERS

CATALOGUE

GEOFF MCDOUGALL 0428 105 533 | PETER FISK 0418 193 368

Genelink Dorper Stud, Australis White Dorper Stud and Genelink UltraWhite Stud are presenting our best line-up of rams for the annual Ivanhoe Ram Sale. The rams reflect our main production objectives, supported by lambplan EBV's, of breeding cleanskin, easy care rams that will perform and produce prime lambs under arid grazing conditions - Annabel Mangal.

EBVS KEY: **GREEN** = TOP 5% FOR THE TRAIT. **RED** = TOP 10% FOR THE TRAIT. **BLUE** = TOP 20% FOR THE TRAIT.

GLEN PARK

WHITES & ULTRA WHITES

Glen Park, situated in pastoral country in South Western NSW, has a draft of 40 rams going to the Nutrien Ivanhoe Ram sale to be held on Friday 18th February.

Due to demand in pastoral country for a shedding sheep with extra frame and structural correctness, Glen Park is now exclusively breeding a line of Ultra White Composites (known as Glen Park Whites) in addition to Pure Bred Ultra White Sheep. The Pure Bred Ultra White is a breed that is stabilised at 75% White Dorper and 25% Poll Dorset.

Glen Park White Rams currently carry 87.5% White Dorper and 12.5% Poll Dorset. The Glen Park Whites are easy care, structurally correct with the ability to walk long distances, minimal maintenance, with high lambing percentages and excellent fodder to meat conversion rates.- Maureen Duncan

Red Rock is a family run business which includes Brad, Tanya and Thomas Edson. We are situated in the Upper South East of South Australia, on the poor man's side of town where it forgets to rain. We have been involved in the development of Dorpers from 1997 when they were first born at Culburra, with Charlie and Pat Edson involved in the Saltbush syndicate, this partnership was later dissolved to created Edson Livestock and Red Rock White Dorpers.

We hold an on- property sale in late September where we sell over 100 Dorpers and White Dorpers we also sell at the Mt Gipps sale in Broken Hill and reserve rams for the Ivanhoe Dorper Sale. We also have rams available for private selection year-round.

We purchase new stud sires yearly this year we have introduced Dell Dynamite, Roslynmead Bull and Kaya Stanly to the Dorper breeding program. To the Red Rock White Dorpers we have introduced Etiwanda Eddy and Ashdore Peat. We retain the top 2% of our own rams for using over maiden ewes. These rams are selected on growth, eye muscle area, fat covering, structural correctness, and great feet.

This year's Ivanhoe sale Rams has been very challenging with over 100 quality rams to select our 40 sale rams from, so we hope you will find something that will suit your operation from the rams that will be presented. - Tanya Edson

Lot 81RED ROCK - **200726** (S)

DOB: 25/06/2020

Weight: 110 KG

Sire: RR171037
