Dear Friends and Breeders,

I would like to welcome you to the 28th Annual Londavra Bull Sale Catalogue. It is a pleasure to invite previous buyers and prospective buyers to view the bulls in the 2022 Sale.

We thought 2020 was the best season ever but remarkably 2021 and so far 2022 have been better still. With my poor health of the last 12 months, it has certainly made farming easier.

The Sale Bulls rolled along since weaning with the minimum of attention and feed.

The two new bulls in the AI programme are Rennylea Edmund E11 and Milwallah Krakatoa K92. These will be some of the last Edmund sons available. The Krakatoa's have low birthweight and high Eye Muscle area. There is another small draft of Marlon Brandos and Clunie Range Legends in this year's sale.

The first Circle 8 Rear View Mirror sons are in this sale, displaying softness with medium frame and excellent eye muscle.

This will be the last of the Cluden Newry Sydgen and Raff Distinction sons. These are the two bulls that put weight into your cattle.

With the boyant cattle market we have purchased three new Stud Sires

Firstly Texas Beast Mode Q725 for \$36000. He is by the well known Baldrige Beast Mode out of the famous Texas Undine family. He also won 'The Land' British Breed Sire Shootout, where bulls were judged from videos. His mother sold in the Texas Sale for \$25000 and half sister yearling heifer sold for \$28000.

The other two bulls purchased were from the Circle 8 Stud and are by the previous record holding sire Millah Murrah Paratrooper P15. They are Circle 8 R567 for \$44000 and Circle 8 R553 for \$40000. When purchased R567 was number 1 in the breed for 8 traits, and is now Number 1 for 6 of the new Selection Indexes. Circle 8 R553 sits between 10 and 15 for all the new Selection Indexes. These two bulls were both over 40 cm Scrotum at 11 months of age.

Paratrooper P15 sons have broken all existing records with the top price son bringing \$280000 at the Millah Murrah sale, and sons across three studs, Millah Murrah, Circle 8 in NSW and Ascot in Queensland creating new record averages.

With the inclusion of these three new sires and Rear View Mirror plus the AI Sires, we believe we have a sire battery in Tasmania second to none. The addition of these new genetics our herd will take a positive leap forward.

Last Spring our first draft of steers 12 – 14 months to Tas Feedlot averaged 533.3 kg giving a return of \$2720.

With the high price of store steers buyers need the confidence that the steers they purchase will grow out into the heavy weights they need to give them a profitable margin. Londavra sired calves have the ability to achieve these heavy weights.

We believe this catalogue of bulls offered will fit all beef enterprises. Londavra's aim has always been to produce bulls that grow out remembering that **weight pays**. Again emphasising that **size and weight pays**.

We are again selling under the Auction system – also being interfaced with AuctionsPlus. Videos of the bulls are available on AuctionsPlus

Regards

David Young

SALE NOTES

- 1 The sale bulls are being penned for sale in selected groups and sold by Auction, and interfaced with Auctions Plus. They have been catalogued in pen order.
- 2 Videos of the Bulls can be viewed on Auction Plus. Bulls were videoed on 10th February by Brandon Sykes of BJS Livestock Photography.
- 3 The bulls will be penned at 9.30 am for inspection on sale day. They can viewed at other times by arrangement with vendor.
- 4 Weights and scrotum measurements will be available on a supplementary sheet Sale Day.
- 5 REBATE – 3% available to outside agents under the usual sale conditions
- 6 FREIGHT – Londavra offers free sea freight to King and Flinders Islands and Melbourne on bulls sold at auction. If David cannot deliver the bulls we will assist Nutrien to deliver the bulls free of charge. We recommend you insure your purchases.
- 7 GUARANTEE: Londavra guarantee all bulls fertile. Any claim against fertility must be made in writing accompanied by a Veterinary Certificate and forwarded to the vendor no later than the 28th February 2023. Any bull proven to be not fertile will be replaced if available, or purchase price (less salvage value) credited for use at the following sale.
- 8 Complimentary food will be available and please join us for refreshments after the sale.
- 9 The sale is conducted under Nutrien Ag Solutions usual Auction Sale Terms and Conditions.

HEALTH NOTES

All sale Bulls were vaccinated with Pestiguard and 5-in-1 on 2-5-2021 and 14-7-2021.

All sale bulls were vaccinated with Vibrovax on 11-10-21 and 8-11-21

All sale Bulls were drenched with Cydectin Platinum and Multimin on 13-9-2021, and Cydectin Platinum and B12 on 11-1-2022. J-BAS 6

*The sale bulls were professionally muscle and fat scanned by
Southern Cross Scanning
Technician - Lonnie Stone (acc No. 1041) on 6th January 2022*

RAW DATA

Raw data is in the catalogue again this year – we believe this gives a truer indication of the animal's performance and his figures have not been manipulated by pedigree. Often Breedplan figures are not a true indication of their performance. We find the new Indexes very misleading – highlighting low birth, high growth and positive fats. A large EMA and RBY% has a huge influence on your dressing percentage.
