

MT GIPPS DORPER RAM SALE

FRIDAY 16TH SEPTEMBER 2022

11:00am

Mt Gipps Station, Broken Hill NSW

OFFERING

DORPER, WHITE DORPER & ULTRA WHITES

TROY HARTMAN 0409 391 683 | BEN MCVEAN 0428 025 622

From our vendors:

It's great to be back at Mt. Gipps following the cancelled 2020 sale and a 2021 AuctionsPlus only sale. This will be our 24th year selling White Dorper rams into Broken Hill and the surrounding districts and both Australis & Genelink are happy to join with Nutrien and all other vendors to again present our “cleanskin rams, that perform and produce in low rainfall grazing country”.

- Annabel Mangal & Bronte Mawson

EBVS KEY: **GREEN** = TOP 20% FOR THE TRAIT. **BLUE** = TOP 5% FOR THE TRAIT.

At Glen Park Whites and Ultra Whites we breed an easy care, structurally correct sheep that have the ability to walk long distances, require minimal maintenance, have a high lambing percentage and an excellent fodder to meat conversion rate. The rams presented by Glen park for the Mount Gipps sale are unshorn with no feet trimming and entirely paddock run on native pasture. They are a draft of young rams ready to work. – Brendon & Maureen Duncan

Bunnerungie White Dorpers is situated 200kms south of Broken Hill & 65kms north of Wentworth fronting the Anabranche on both sides. We began our stud in 2005 buying ewes & embryos from Saltbush, Kaya, Etiwanda & African studs. Rams have been bought from these studs, also our main concentration has been on breeding structurally correct, free moving, maintenance free sheep with high fertility & fast growth rates.

Bunnerungie is in pastoral country, mainly Blue Bush with areas of soft grass timbered with Belah & Rosewood.

Our average rainfall is 225mm with 90mm so far this year.

We are accredited free of Brucellosis No Y242, expiring 30 April 2023. - Phil Larwood

Red Rock have been part of the Development of White Dorpers from the first embryos implanted and born at Culburra in 1997.

Red Rock will be offering 10 White Dorpers and 10 Dorper Rams. All rams were scanned and weighted on the Thursday 8th of September by Nick Lawrence.

All rams have been selected for their doing ability depth of body and all have excellent fat cover.

Red Rock Donated \$4000 to the RFDS from the proceeds of the Ag Far Nutrien Dorper sale hosted by Troy Hartman Nutrien Livestock Broken Hill. Red Rock will be holding there on property sale 26th September at Keith offering 120 quality rams the sale will be interfaced with AuctionsPlus.

- Brad & Tanya Edson

Brummy's Black's started in 2019 with Edson Black Stock with our now 17-year-old Son Toby (who is passionate about breeding Dorpers). Before that we ran a commercial flock of Dorpers for 10 years. We are situated at Bangham in the South East of South Australia. We are halfway between Bordertown and Naracoorte and a paddock away from the Victorian Border near Frances. As a small Stud we are honoured to be invited to this year's Mt Gipps sale. - Danny, Michelle and Toby Brumfield

VANTA
BLACK
DORPERS

Vantablack Dorpers was established in 2019, we have aimed to acquire a high class line of females from both Dell and Kaya studs. These ewes have been complimented by Dell sires to create our current nucleus flock. Having been in the commercial sheep game for many years has given us insight to what the industry requires from our rams. High growth rates, fertility, the ability to travel to get a feed and most importantly the will to live. – Stacey Smith

VANTABLACK – TAG 210027 (TW)
DOB: 06/08/21
Weight: 89kg
Sire: Dell 210782
Dam: Kaya 180082
Weaning weight – 44kg
Yearling weight – 78kg

BUYER:

Comment: This is the youngest ram in our offering. He is sired by the same ram as the current National Junior Champion dorper ewe, Vantablack 220013. This ram has plenty of length and is very correct in the front end. A very classy ram.
