Market Report

Nutrien Livestock yarded 1504 cattle at Boyanup for the September Store Sale. Beef steers and heifers softened in overall value due to the absence of lot feeders as the 2024 grain feeding season ends. Light weight steers and heifers eased in value 15-20c/kg primarily as a result of quality and hence reduced enquiry.

Heavy weight Friesian Steers suitable to finish this spring sold to a selective gallery of buyers, with the steers showing more condition receiving greater enquiry. A quality offering of first cross steers was present - heavy weights above 450kg realised 306c/kg. The lightweights remained firm on last month, selling to 334c/kg.

NEXT SALE: WED 2 OCTOBER 2024
