Market Comment

Similar numbers this week for a total yarding of 1,070 cattle, with Nutrien accounting for 746 head.

The yarding was again dominated by yearling steers and heifers suitable for the feeders. Slaughter grade cows were in good numbers, with a greater offering of heavy bulls.

Weaner steers and yearling steers both remained firm on last week. Heavy trade steers were too few to quote.

Weaner heifers eased by 10-15c/kg. An increased offering of yearling heifers in the 330 to 400kg weight range saw prices ease by 10-15c/kg, while all other weight ranges remained equal.

Cows suitable for the processors were in greater numbers and prices eased by 15c/kg.

Heavy bulls suitable for the processors lost last weeks gain to be 10c/kg softer.
