## Market Report

Nutrien Livestock reports on 71 of a total of 261 cattle at Boyanup Saleyards this week. Another small and mixed quality offering was presented. The entire yarding eased in value across all categories. Best cows realised 190c/kg down 10c/kg with limited interest from export packers. A few more new season's vealers were presented, however it is difficult to quote values due to limited previous numbers.
