Market Report

Nutrien Livestock reports 797 cattle yarded at Boyanup Saleyards for January Store Sale and first sale of 2025. The quality of the yarding was mixed - heavy beef steers above 500kg eased 20-30c/kg as a result of a reduction in quality. Medium weights reduced in value by 20-30c/kg also on the back of the quality. Light beef steers sold fully equal. Beef heifers of all classes sold to equal rates of last month's sale. First cross steers were in short supply, making it difficult to quote a trend and friesian steers sold fully equal. Heavy weight Montbéliard steers over 500kg realised 230c/kg with light weights selling to 276c/kg.

NEXT SALE: FRI 7TH FEBRUARY 2025
