Market Report

Nutrien Livestock yarded 848 of a combined 1447 cattle for the first weaner sale of 2025. Overall quality of the yarding was very good. Angus steers firmed with the range of values from low to high shortening. Light weight Angus steers below 300kg strengthened by 10-15c/kg on last market realising 394c/kg due to greater Grazier enquiry. Euro & British steers greater than 300kg gained 10-20c/kg selling to 348c/kg as a result of increased lot & grass fattener support.

Angus heifers of all classes gained 10-15c/kg realising 290c/kg. Euro and British heifers remained equal while the light weights under 300kg improved by 20c/kg with increased enquiry from Graziers.

NEXT SALE: 14TH JANUARY 2025 (1ST SALE)
