Market Comment

Agents yarded a grand total of 2,153 cattle across the two day, Weaner and Trade sale fixture, with Nutrien accounting for 1,218 head.

A total of 1,484 Weaners were yarded on the Thursday, with Nutrien accounting for 717.

Weaner steers up to 330kg remained firm on last week. Weaners steers 330kg to 420kg suitable for the feeders eased by 10-15c/kg largely based on quality.

Weaner heifers up to 280kg were equal on last week, while over 280kg weaner heifers softened 15-20c/kg with reduced quality and demand by the feeders.

A total of 669 Trade cattle were offered on the Friday, with Nutrien accounting for 501 of those. An increased yarding of better quality yearling and trade heifers were yarded, with cows again in strong supply.

The increased quality of yearling heifers seen prices strengthen by 10-20c/kg on last week. Trade heifers suitable for the processors eased by 10c/kg.

Cows were mostly equal across all weights and types. Heavy processor bulls were 5-10c/kg dearer.
