Market Comment

Nutrien reports numbers were down at the last trade sale of the two day selling fixtures for the season at Mount Barker. A total yarding of 305 head, with the Nutrien Livestock team putting together 207 of these.

A mixed quality yarding, that consisted of mostly cows suitable for the processors, with steers and heifers for the feeders making up the balance. Only a few slaughter grade bulls were offered.

Over 400kg yearling steers were too few to quote the market tone while a small offering of 330 to 400kg yearling steers strengthen by 20c/kg.

Yearling heifers over 400kg remained firm while the 330 to 400kg yearling heifers gained 10c/kg.

Trade steers 500 to 600kg for the processors gained 10-15c/kg while the 400 to 500kg trade steers to the feeders gained 5c/kg.

Trade Heifers 620 to 800kg eased by 5c/kg on last week.

Heavy prime cows eased by 10c/kg, while store cows softened 20c/kg on last market.

Heavy bulls for the processors eased by 5c/kg on quality.

Next week we return to one day sales on Thursdays commencing at 10.00am.
