## Market Report

Auctioneer: Brad Keevers & Josh Reeves

Nutrien Livestock sold 109 cattle out of a total of 381 head in what was a heavily reduced yarding coming off the long weekend. The market trend for the day was firm across most categories. A short but quality run of yearling and trade steers came forward and gained 10 cents per kilo. Very little weaners came forward but those that did were predominantly heifers and lost the gains of previous weeks sale. Cows held firm across the processing types making to equal rates of last week, very little store cows came forward, too few to quote. Bulls held firm.
